

## 80.700 fly jib

### diagram

### specification

|                                                  |
|--------------------------------------------------|
| max. manual vertical reach - 7H0M / fly jib      |
| 71,09 ft / 107,0 ft                              |
| max. manual horizontal reach - 7H0M / fly jib    |
| 57,2 ft / 95,3 ft                                |
| max. hydraulic vertical reach - 7H0M / fly jib   |
| 71,0 ft / 101,0 ft                               |
| max. hydraulic horizontal reach - 7H0M / fly jib |
| 57,2 ft / 59,1 ft                                |
| front stabilizer spread                          |
| 27,6 ft                                          |
| boom elevation angle                             |
| 80°                                              |
| slewing angle                                    |
| 360°                                             |
| slewing torque                                   |
| 80,31 kN.m                                       |
| max. operating pressure                          |
| 3980 psi                                         |
| dead weight - 7H0M                               |
| 15774 lb                                         |
| dead weight - 7H0M + fly jib                     |
| 17913 lb                                         |
| fitting space required                           |
| 5,6 ft                                           |
| oil tank capacity                                |
| 46,23 gal                                        |
| min. gross vehicle weight (GVW)                  |
| 50706 lb*                                        |
